DEDICATED TO THE CLASS OF 1978

"Holding On To Yesterday"

Traveling back to the past we acknowledge our first moments of high school, realizing that these would be our introduction to maturity. Understanding the experiences, we realized that we would devote four years of our lives in acquiring a better understanding of life and its roles that we will be playing. It's so sad that those sweet memories of yesterday can not be unfolded to allow us to relive them. And yet, as seniors of the class of '78" we are aware that holding on to yesterday will some how hold us back from our tomorrow. For tomorrow, we will achieve our goals in life. We will always keep hold of those precious memories of our hard fought yesterdays. Our yesterdays are our tomorrows, and those memories shall never, never die.

BUSINESS EDUCATION

Tomorrow's business leaders are offered a selection of courses from Data Processing to Bookkeeping. C. H. S. students can prepare themselves to meet the many challenges of a complex world.

SOCIAL SCIENCES

For us to better understand the future we must know the history of the past. Through courses such as American Cultures, Civics, Black Studies, the students of C. H. S. learn about the many people of the various nations.

ENGLISH

The English Department tries to educate each student to be able to function and enrich life. English enables one to express ideas and comprehend from others. It gives one the ability to communicate and experience the culture of others.

FOREIGN LANGUAGE

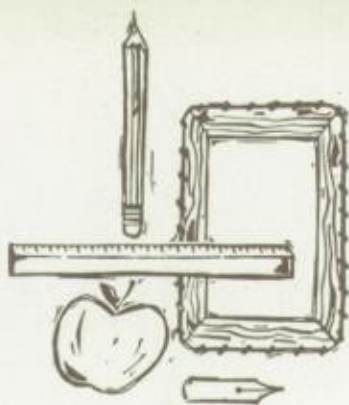

Students realize the importance of studying languages in order for man to understand and harmonize the world. Learning the many means of communications, the cultures and customs of others help provide the student with a deeper appreciation of this many faceted world.

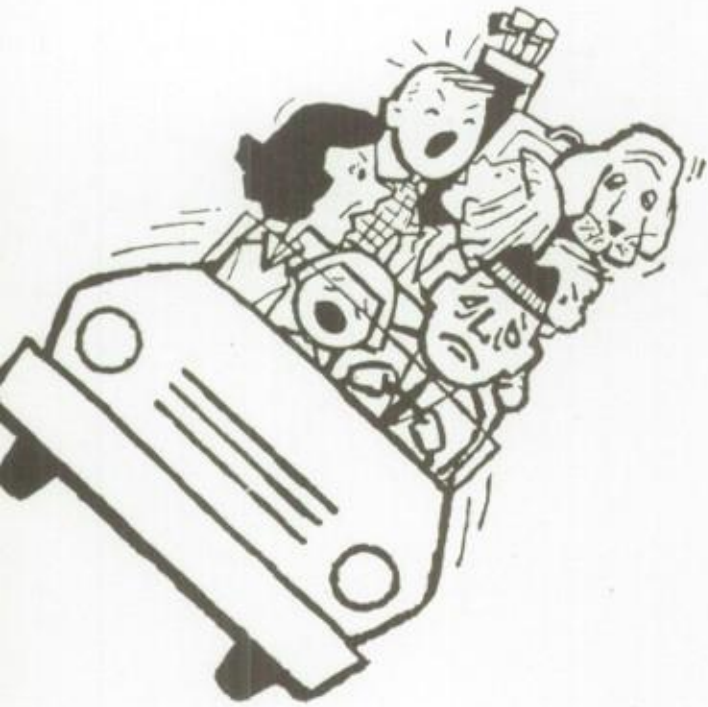

MATHEMATICS

The courses range from practical to advanced mathematics. Once you have had the math course of your choice, the results are infinite. Mathematics strives to arrive at the purest form of communication through logic and symbolism.

SCIENCE

Biology, Chemistry, Physics, and Earth and Space offer lab experiments to confirm the predictions of a new world. Studying the diverse world and its components, the students of C. H. S. learn to understand and appreciate one of the most exhausting subjects ever endured in high school.

DECA

This course provides the growth and advancement needed for a successful career in the business world. Students are taught display techniques, sales methods, and business machine operations. Afterwards, C. H. S. students are qualified to enter the area of marketing and distribution.

PHYSICAL EDUCATION

Fitness for the body provides education for the mind. Providing a unique balance between physical activity in the gym and thoughtful study in the classroom, this program also provides us with the proper care of our bodies.

HOME ECONOMICS

Today both male and female students are potential homemakers. Leaving to master the art of sewing, planning nutritious meals, home management, and decoration. A C. H. S. student will have good background to become the head of his or her household.

VOCATIONS

Vocational education provides a wide range of practical experience in preparing one to meet the challenges of a mechanized world. From auto mechanics to food processing, from law enforcement to practical nursing, each student is given the tools to become a valuable, productive citizen.

DRIVERS EDUCATION

With an hour of class time, an hour of road time, students learn to become defensive drivers. In addition to studying the rules and regulations, a Student is also made aware of mechanics of a car.

ART

In their art classes, students have the opportunity to display their creative, imaginative, artistic abilities. Each student attempts to make his or her creation unique.

MUSIC

Music and song need beautiful notes. Through band, choir, and chorus, C. H. S. students learn how to transmit the beauty of music to others. Both Ms. Fitzpatrick and Mr. Fitzsimmons realize that music is one of life's precious gifts.

FOOTBALL

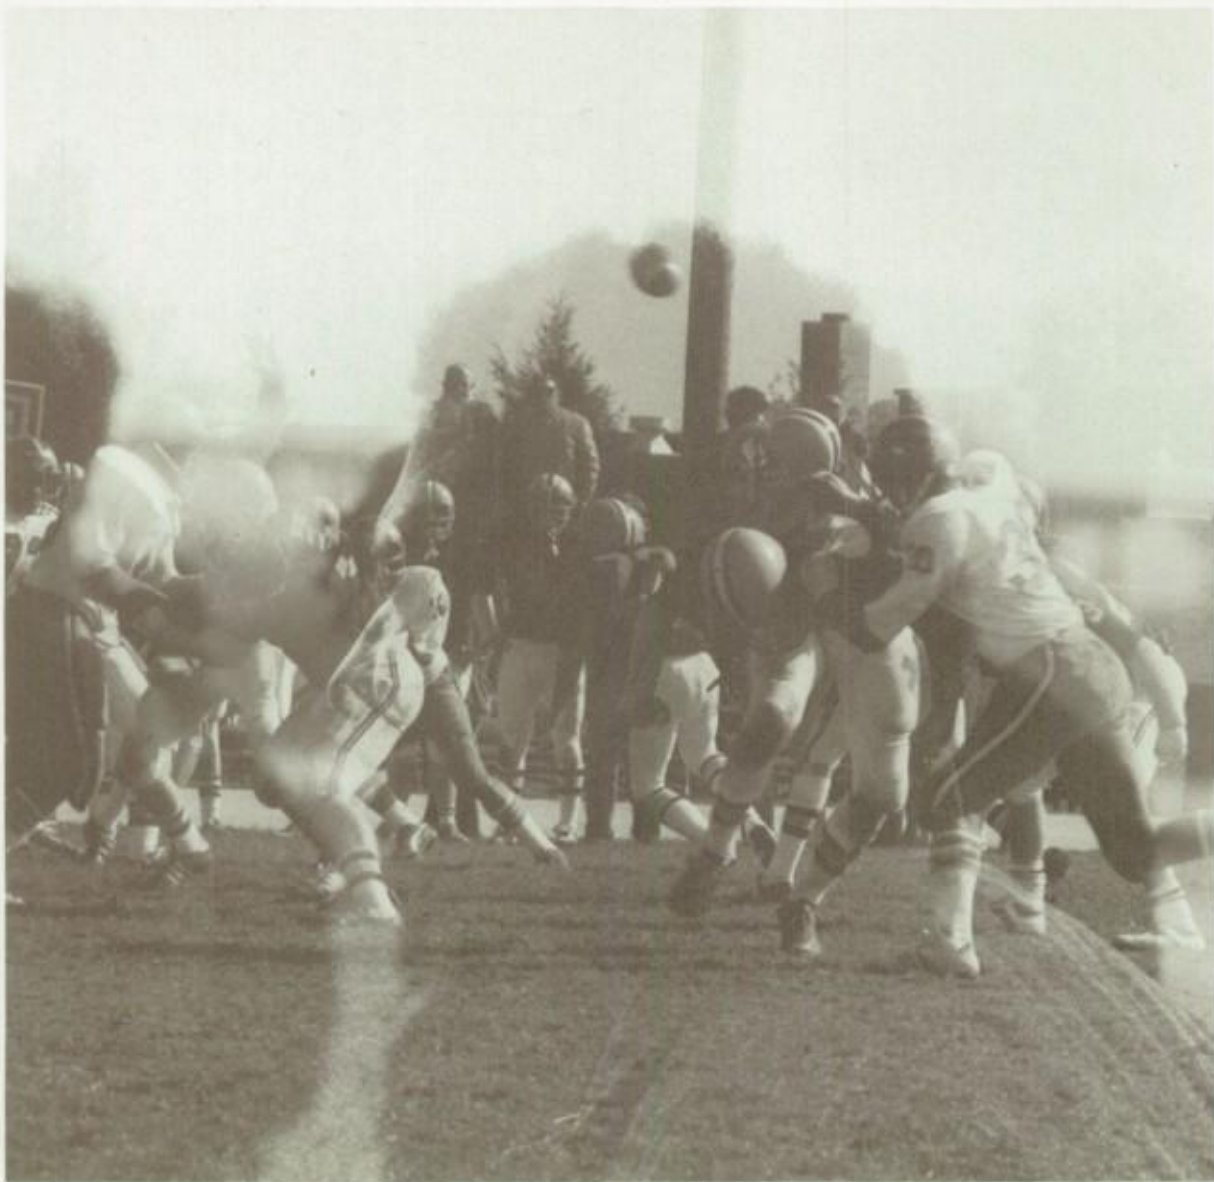

Although our team has had a dissappointing season, we still feel that we are the best football club in this district. What hurt us in our games was costly mistakes and mental breakdowns. But we can't say that the effort wasn't there, it was. All the players gave their all.

The 1977 Chester High Football Squad was a young small and inexperienced team. The effort was there but the mistakes due to their inexperience hurt our team's performance in crucial situations. We gained valuable experience this year and should do well next year. The most positive aspect about this team is that they never gave up during the game regardless of the situation. This is something to be proud of and this is something to build on for next year.

Yours with Pride,

Coach Mosley

Happiness Is Being Together

And being together is what the soccer team is. One big happy family. That's how we came through with a successful season. Being able to represent Chester High is a great honor. At last we proved that Chester has a good soccer program. And there is more to come in the following years. The slogan will always be with us, "Together or Not at All".

WHY IS THE HOCKEY TEAM BETTER

Is it because there are different girls on the team? No!. it is not. It is because the coaches have taken more time with them. They even had summer camp for the girls this year. The coaches have stated that the girls have been easier to work with and taken it more seriously. They also seemed to have great spirit, no matter if they lost or won or tied or they always seemed to pull throw and come back on the bus cheering! Is it because there are more seniors on the team and have taken into consideration that they will never play high school hockey again and are concerned. Yes! thats one reason. Is it because the team was scoring this year. Yes! Because it gave them that boost of confidence they needed to win games.

The hockey team is better because they have a large amount of team work, a lot of spirit, and have gain the necessary skill and experience to play the game called: HOCKEY!!!

Softball is a team sport. It is played on a smaller diamond than baseball with a larger ball. The girls are more concerned about their ability to achieve the necessary skills to win games this year. There are some strong players on the team, but overall the team is still young and inexperienced.

However, the girls should be commended for the effort put forth in their goal to more and better things. With the teams' high spirits and attitude, they can go farther each year.

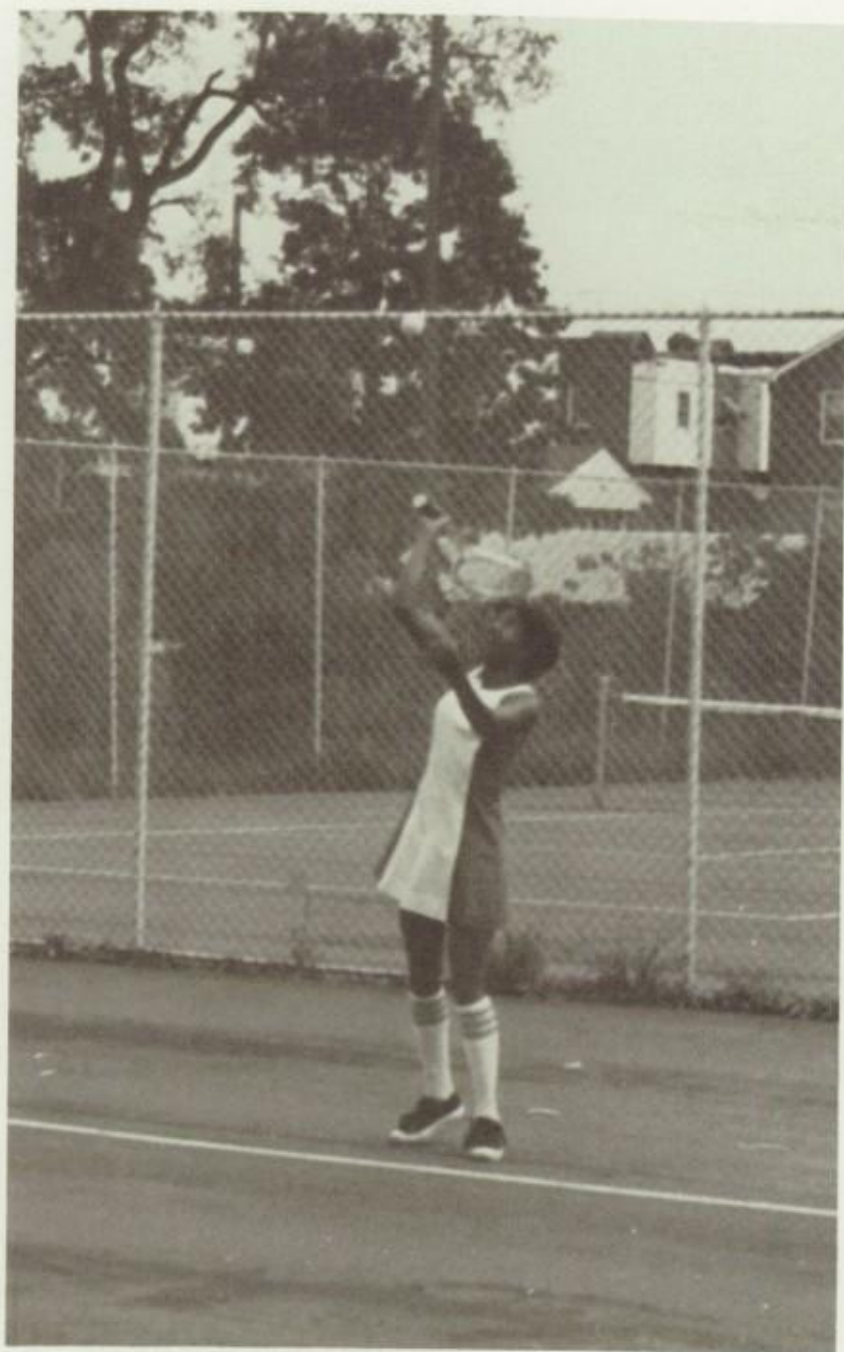

SOFTBALL

PLAYERS

Standing L to R; Mr. Edwards, Asst. Coach; Trina Drozier, Man.; Cynthia Cobb, Denise Grant, Tammy Beecher, Dawn Collins, Sharon Campbell, Mary Bowman, Terri McVaugh, Arnita Gilbert, Man.; D. McKee, Coach. Kneeling; Debbie Kloepper, Sharon Grant, Angela George, Francis Brice, Antionette Govens, Anette Baker.

GIRLS TENNIS

The girls tennis team this year has put forth tremendous effort. We should like to congratulate the team. With only two sophomores, Arnita Weathers and Kim Oliver, one junior, Dawn Hodges, and the remainder freshman members, the number of winning individual games was numerous.

Captain Weathers replied, "We don't have to worry about the matches won or lost this year because next year we'll be number 1!"

GIRLS TRACK

"As runners of the girl's first track and field team, we feel that we are talented. We have come a long way since ninth grade and are proud of this. This was during the time when we did not receive any recognition for our participation. As years went by our speed and motivation progressed. We had the honor of being the first girls team to ever participate in state level competition. Our 440 relay team is third in the state. This year we are going to even work harder to be number 1. The following seniors should be commended for their spectacular performances: Phyllis Campbell and Darla Pittman.

COME ON

CHESTER CLIPPERS: GO!

The boys track team for years has been one of the top track teams in the state of Pennsylvania. With the coaching from Mr. Cliff Wilson, he has carried them far.

From the speed of Howard Burch to the long distance pace of Johnathan Wright, this team has more than just talent. The boys track team has held not only County, Section, or State titles in running but National Recognition.

With our coercion of Coach Joyce the field members would not have the strength that they have. The boys team has been for several years 2nd in the State, but this year they will

achieve 1st.

The Indoor Track team started off its season with meets in Pennsylvania and New Jersey. They established 9 new school records, won 52 individual medals, placed 3rd overall at the Indoor State Championships held at East Stroudsburg, and won the Delco Indoor Championships at Widner College.

The Indoor Track team has made Chester High's history with the first co-educational team. Coaches Larry Larson and James Joyce coerced this team into a very successful season.

TRACK

CROSS COUNTRY

This year the cross country team has had a good year. Even though the team is a young one, it has a lot of potential. Jonathon Wright, an All* Delco runner, will contribute a lot to next year's team.

Earl Buckner

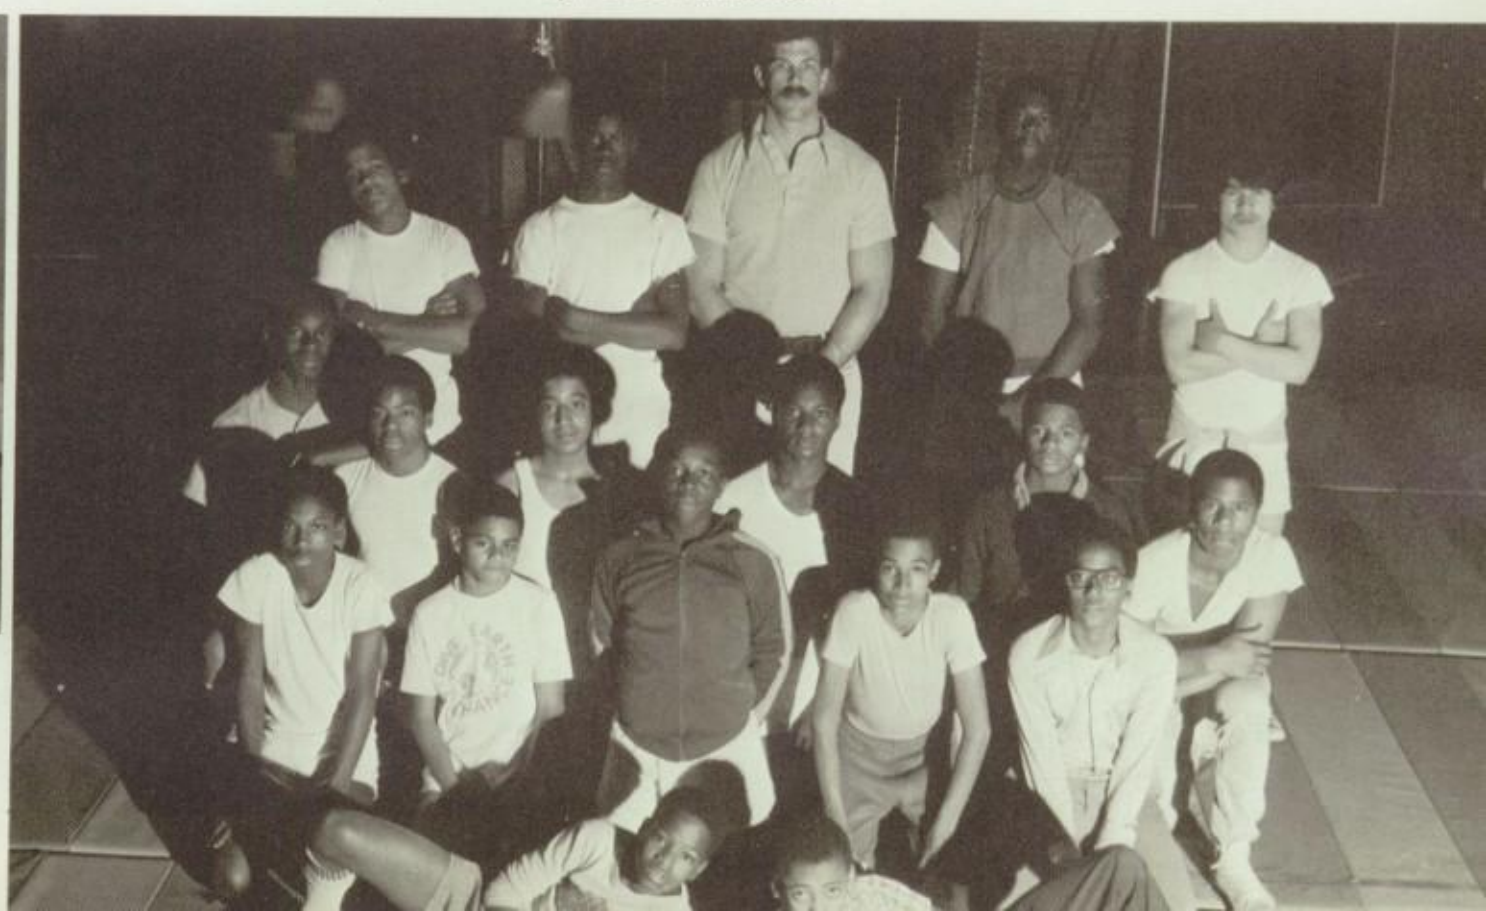

Varsity: sitting James Rhodes, Harrison Potts, 1st row John Forney, Harold Palmer, William Wade, Gary Queen, Johnny Harris, Mike Robinson, Mel Hunter. 2nd row William Sharp, Mark Queen, Romero Baker, Tim Wilson, Larry Turner, Amel White, David Rowe, Mgr. President: Kevin Alexander, Vice-President: Judy Dorsey, Secretary: Stephanie Loper, Treasurer: Kim Wright

Junior Officers

Not too far behind the senior class is the awaiting class of 1979. The Junior class is an ambitious class with ideas that can be classified as works of art.

They are one of the highest ranked classes of Chester High. Mature and very well-mannered, they too have their ups and downs.

Kevin, Judy, Stephanie and Kim are capable class officers and are very cooperative in meeting the needs of their fellow classmates!

Their minds are primarily focused on the school and what it has to offer, not to mention the things the Junior class has to give!

May your final year at CHS be one that is the very best!

Sophomore Officers

"You don't have to look good in order to be good, because you know what you are." The class of 1980 is a class filled with fun-loving and intelligent students that combine their academic requirements with their extra-curricular activities.

Arnita, Donna, Adrienne and Kim can probably be classified as the liberated women of tomorrow. They have the ability to cooperate together in the most difficult situations.

This class works well together, "United we stand, divided we fall" would be an appropriate motto for this class.

A year has passed since the tenth grade class entered this school, but without a doubt, every year in Chester High will be a more exciting, promising and beneficial one.

To you the class of 1980, we wish you the best of luck in all your endeavors.

President: Arnita Weathers, Vice-president: Donna Bobo, Secretary: Adrianne Williams, Assistant Secretary: Sheryl Moore, Treasurer (Absent from picture): Kim Womack

President - Gloria Thomas, Vice President - Kelly Wright, Secretary - Marcia Johnson, Treasurer - Debbie Reeves

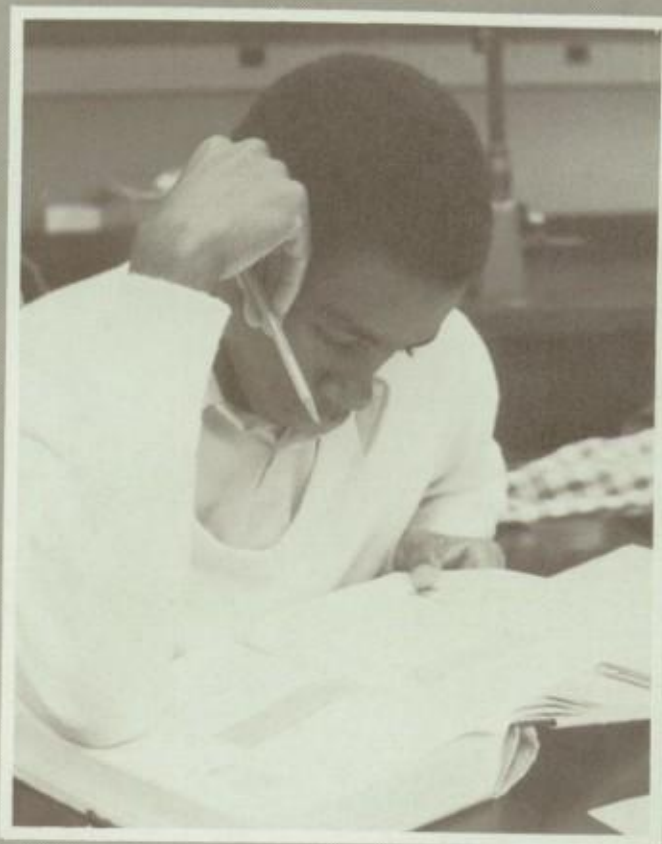

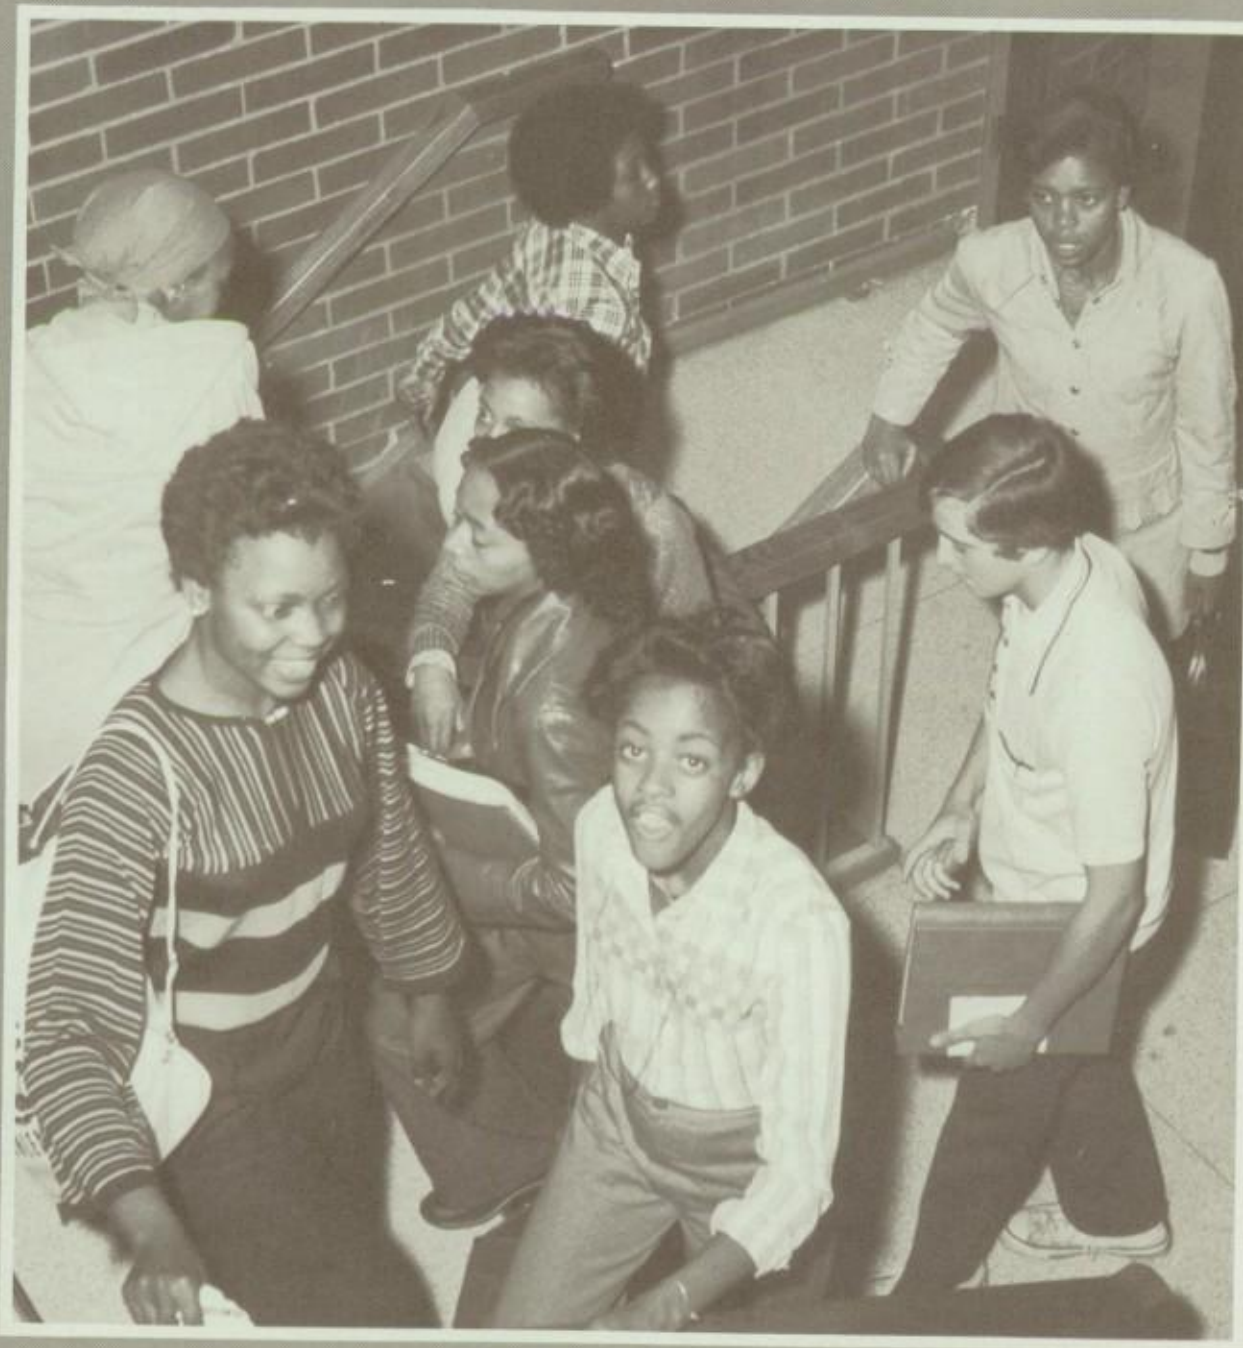

Freshmen Officers

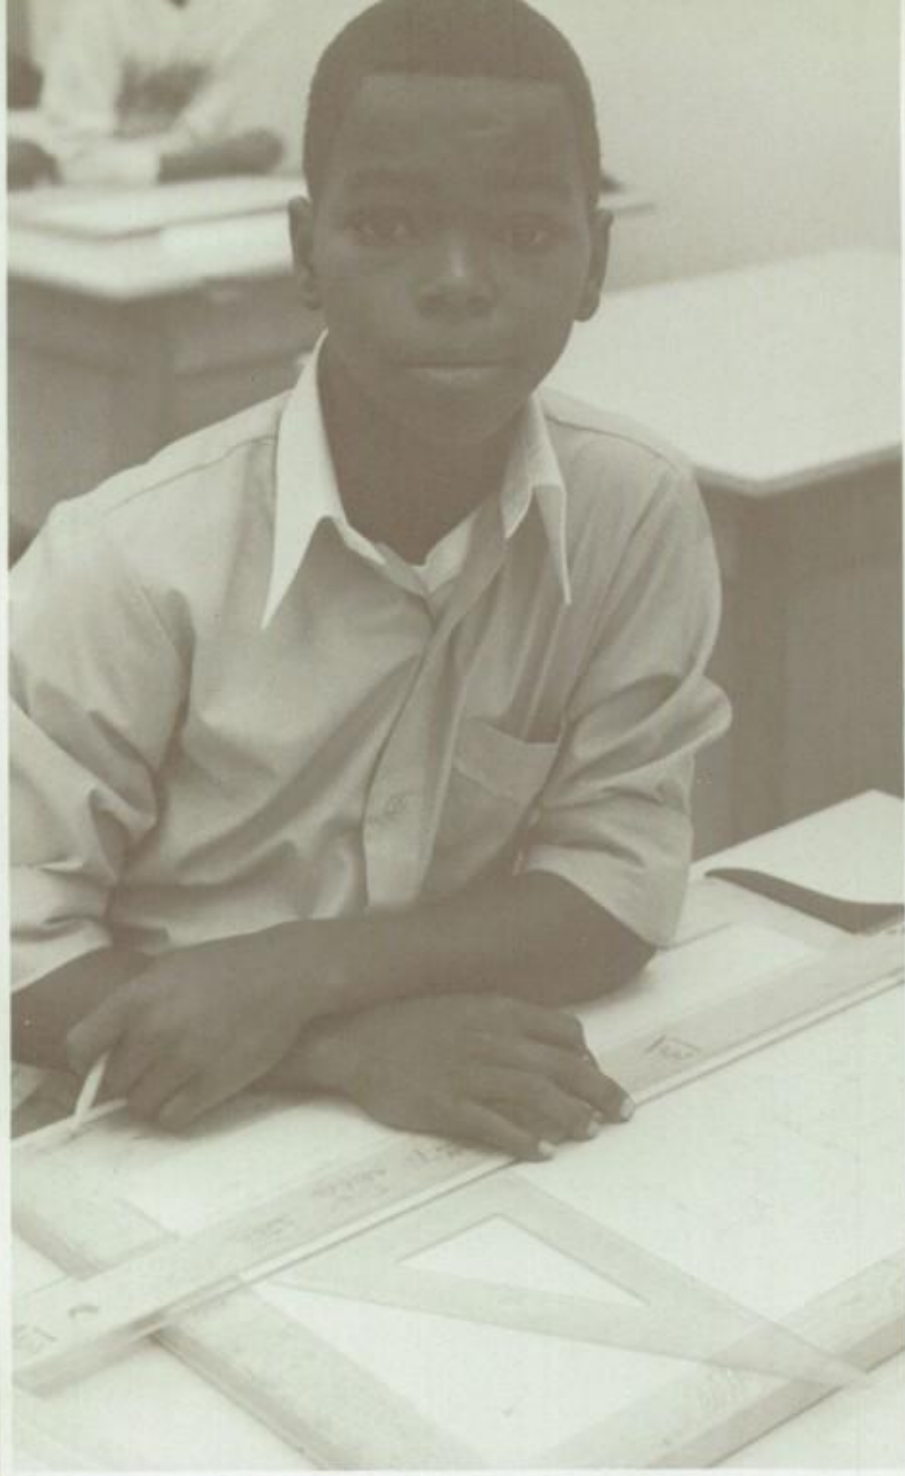

The officers of the freshmen class are planning many exciting ideas. Together Gloria, Kelly, Marcia and Deborah keep the ninth graders rolling!

Although they've only just begun, the ninth grade class seems very energetic, enthusiastic and tenacious. As the class of 1981 progresses from grade to grade, they will go through many changes and encounter many obstacles.

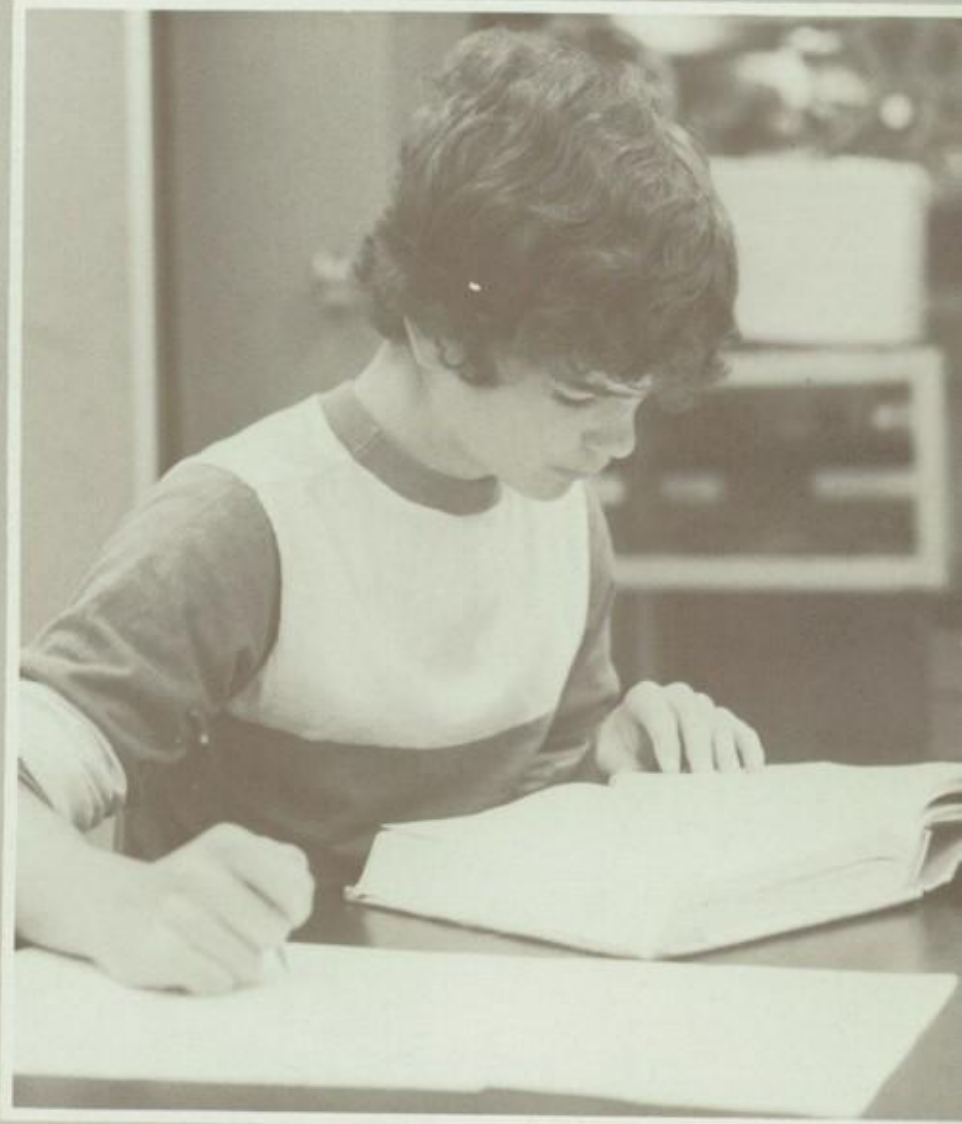

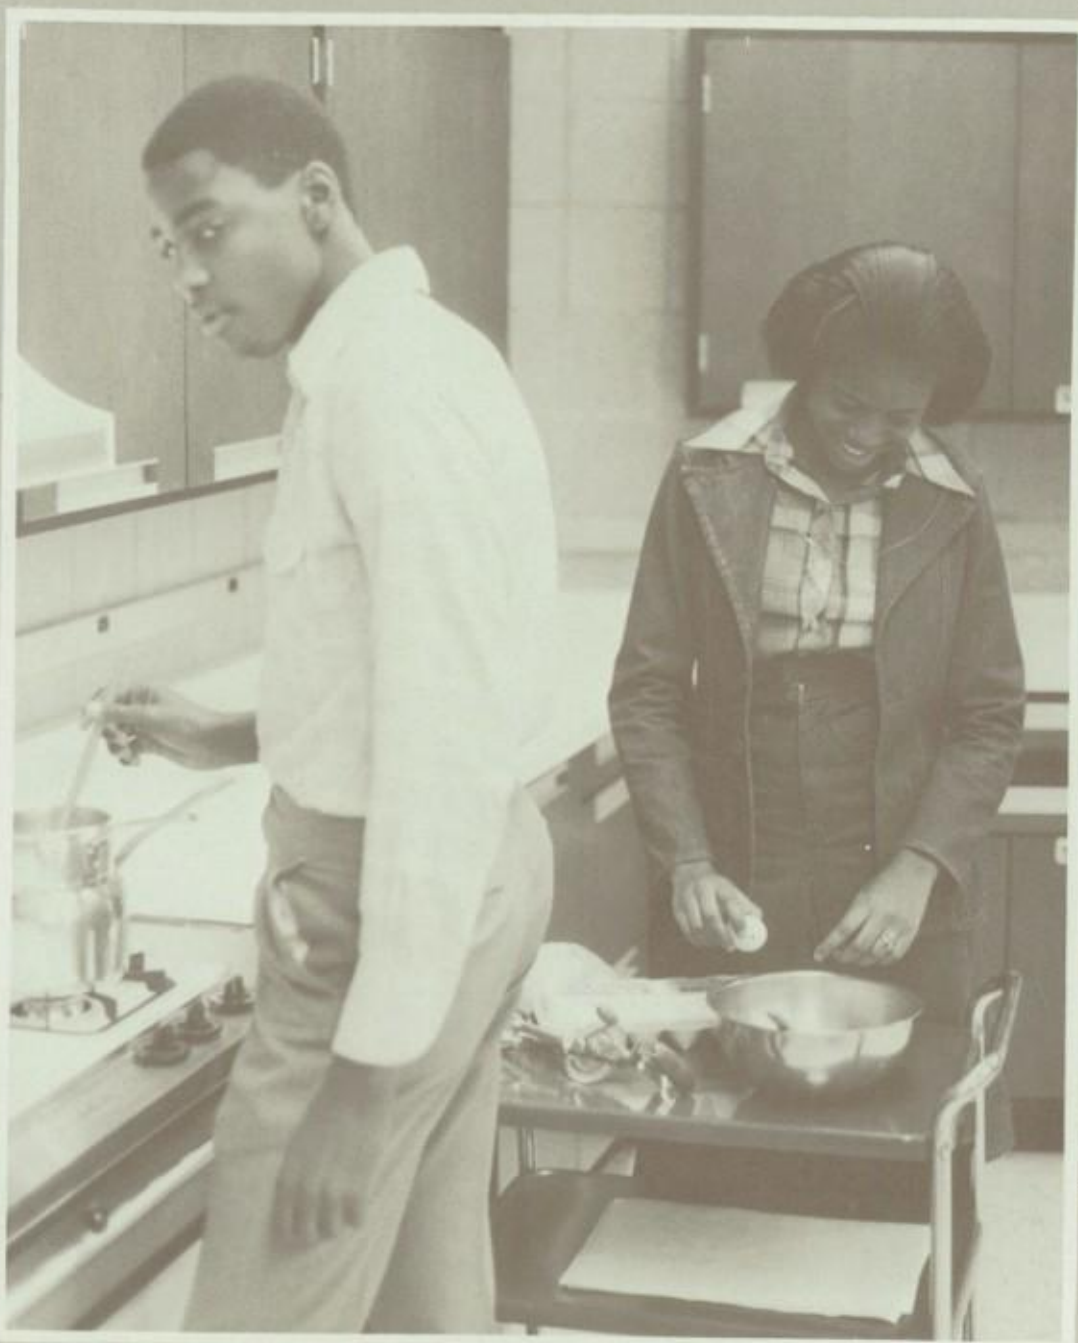

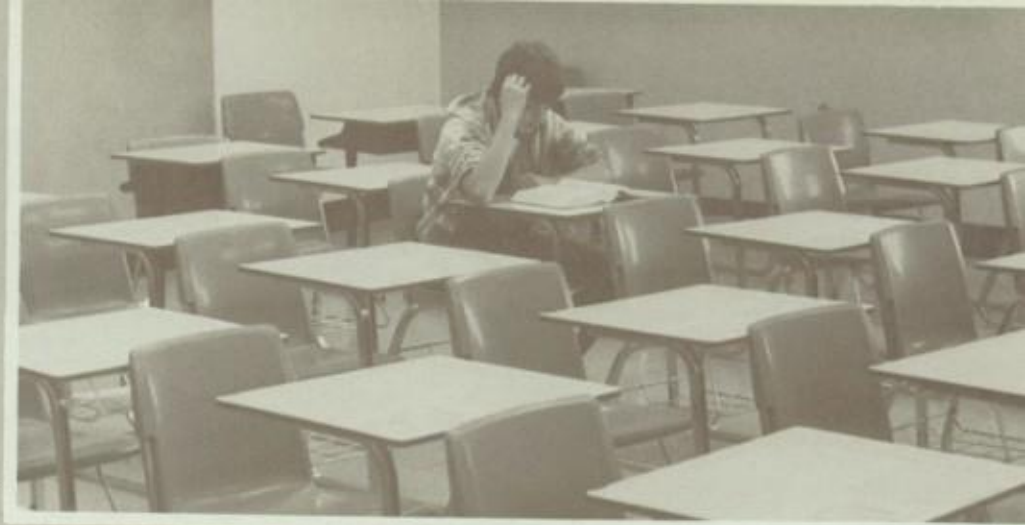

Success is a reward to all of those who work vigorously and are patient as well as willing. Best wishes to the class of 1981. May the years ahead be memorable ones.

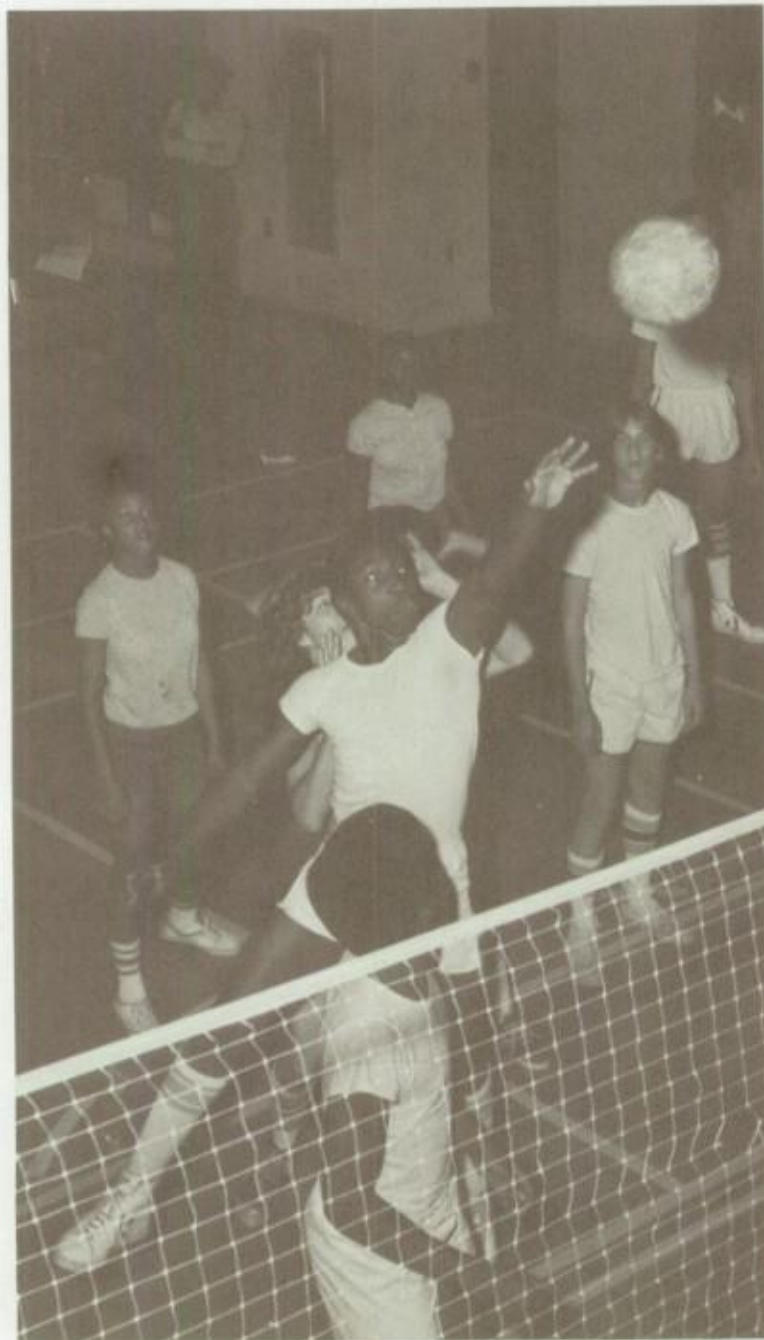

I got you now!

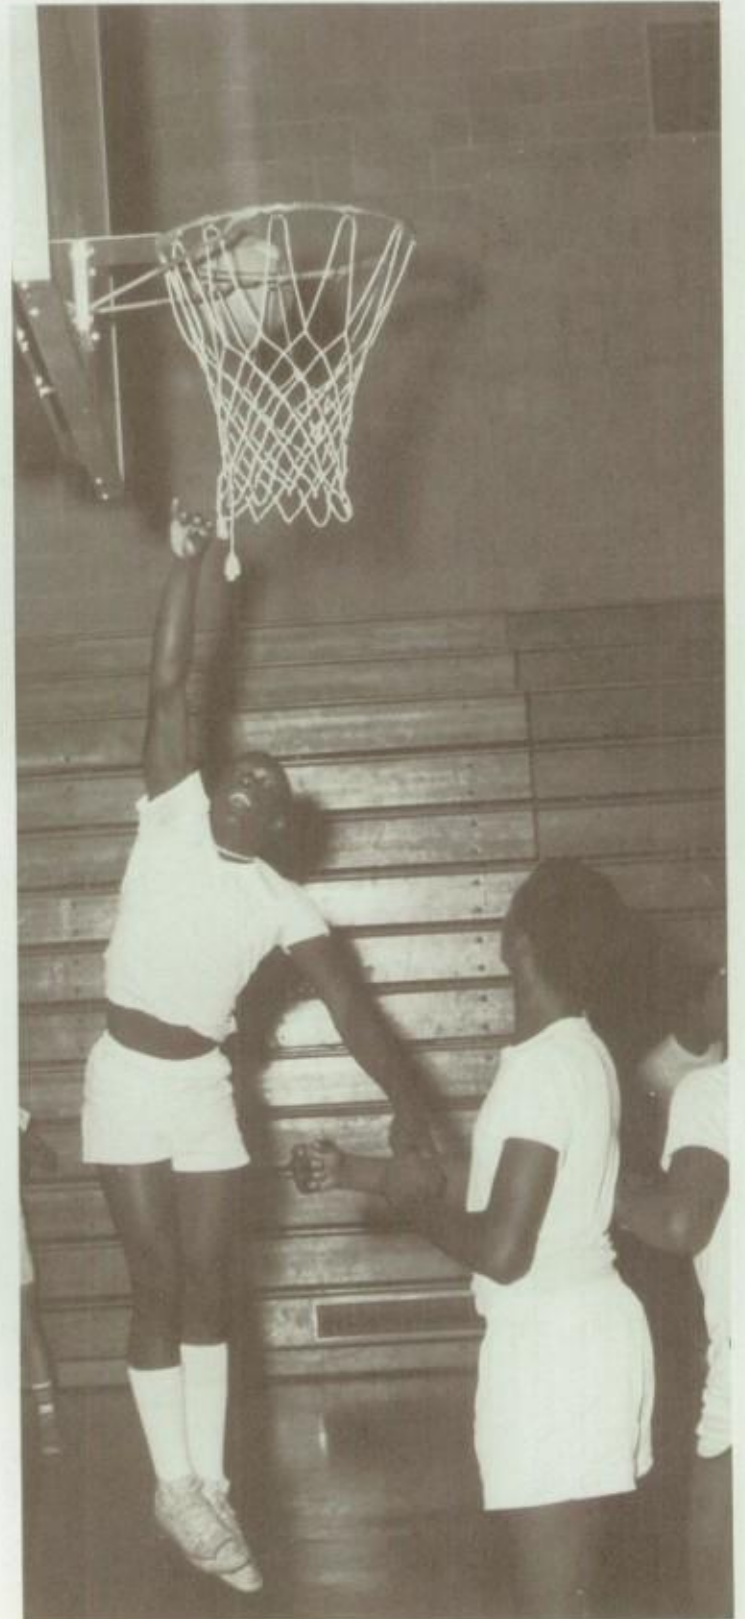

You call yourselves a Chorus Line!

Come back - I command thee!

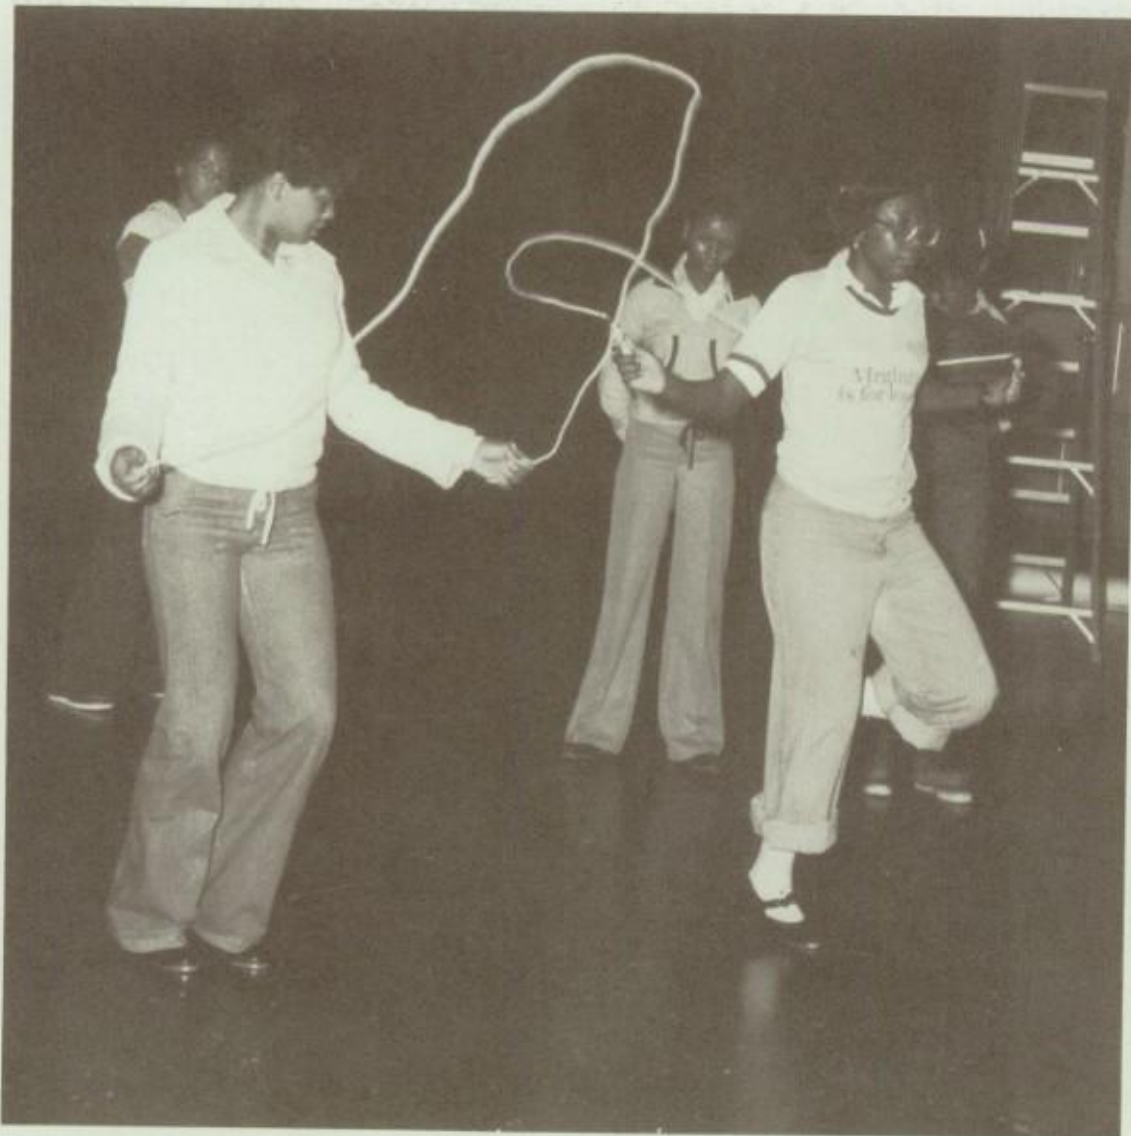

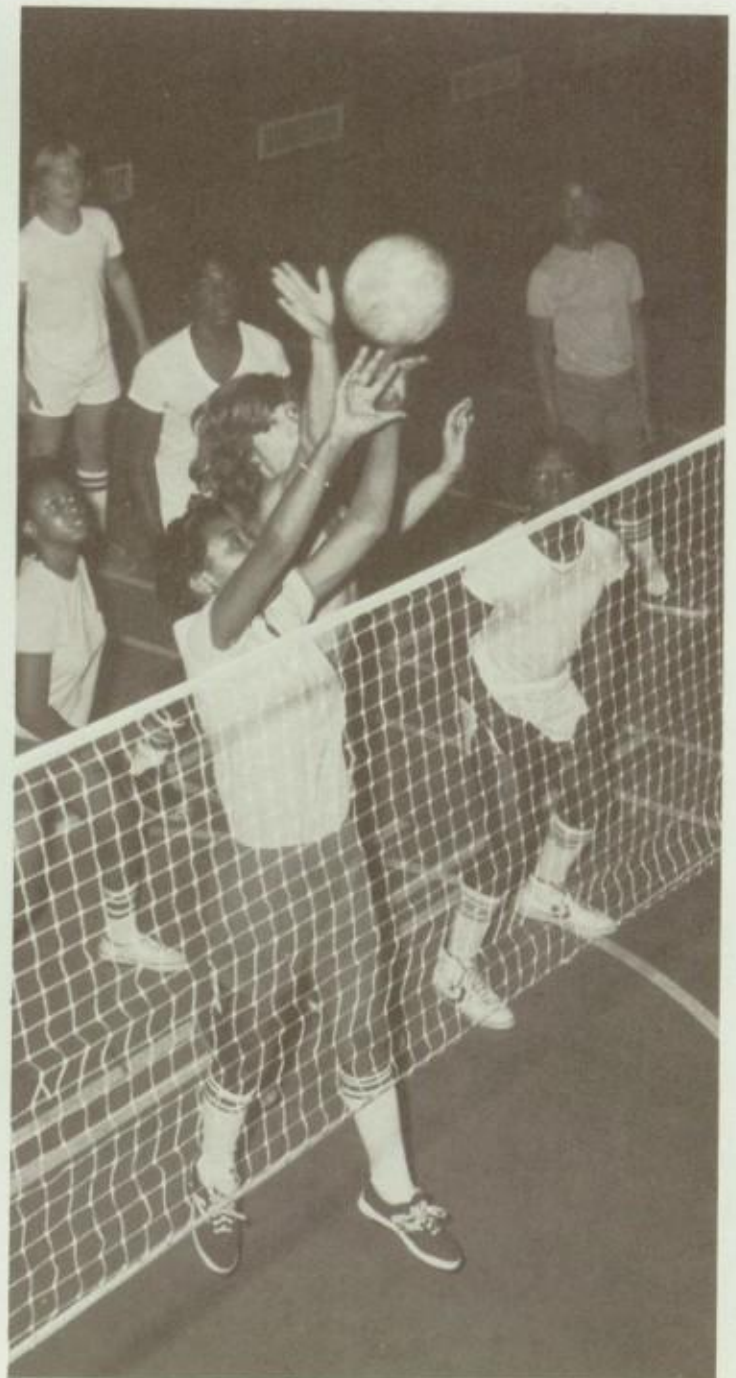

See, it's easy!

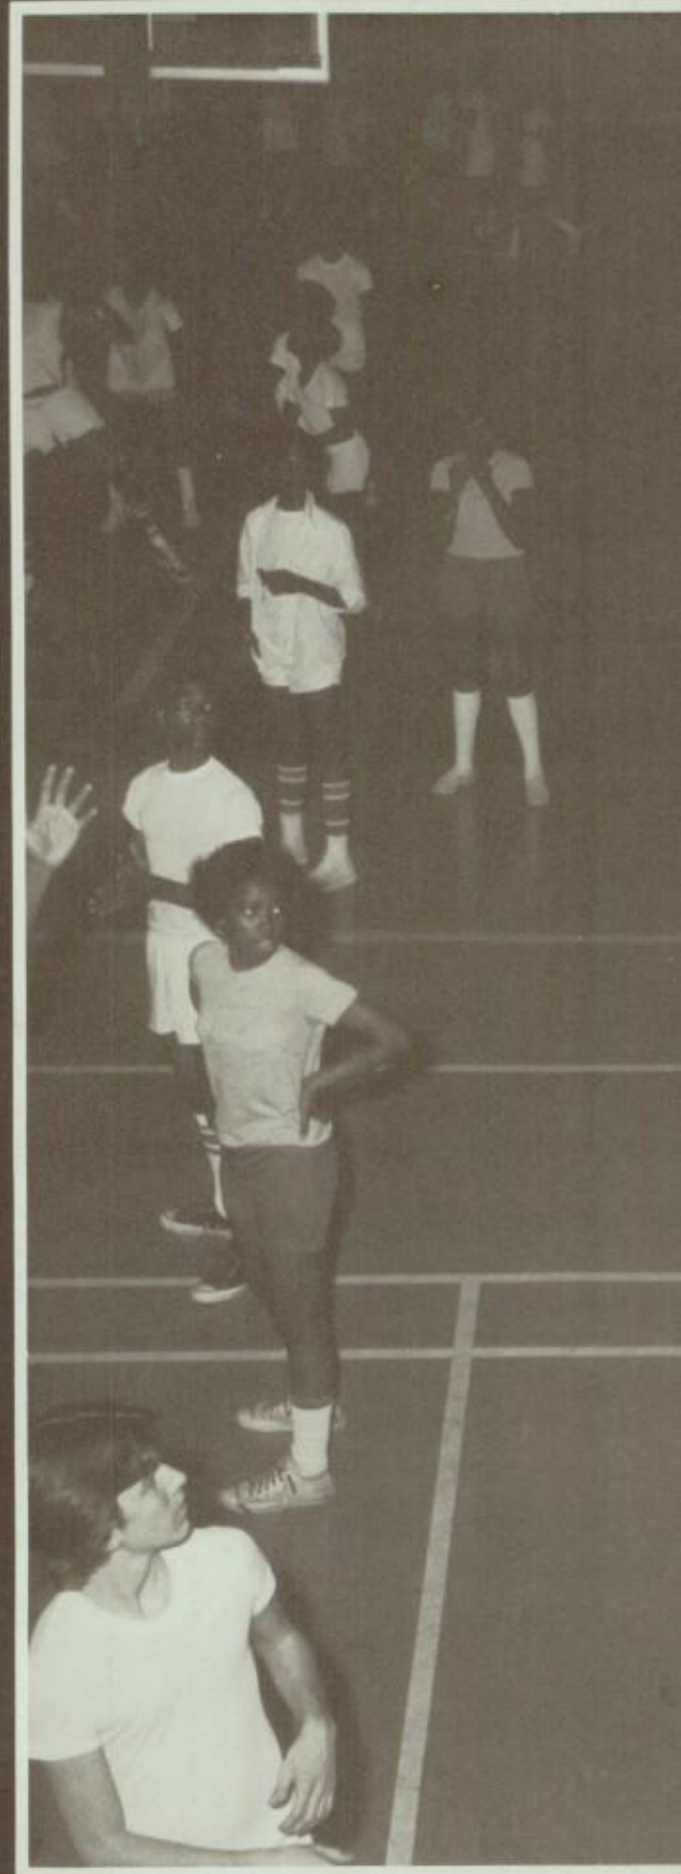

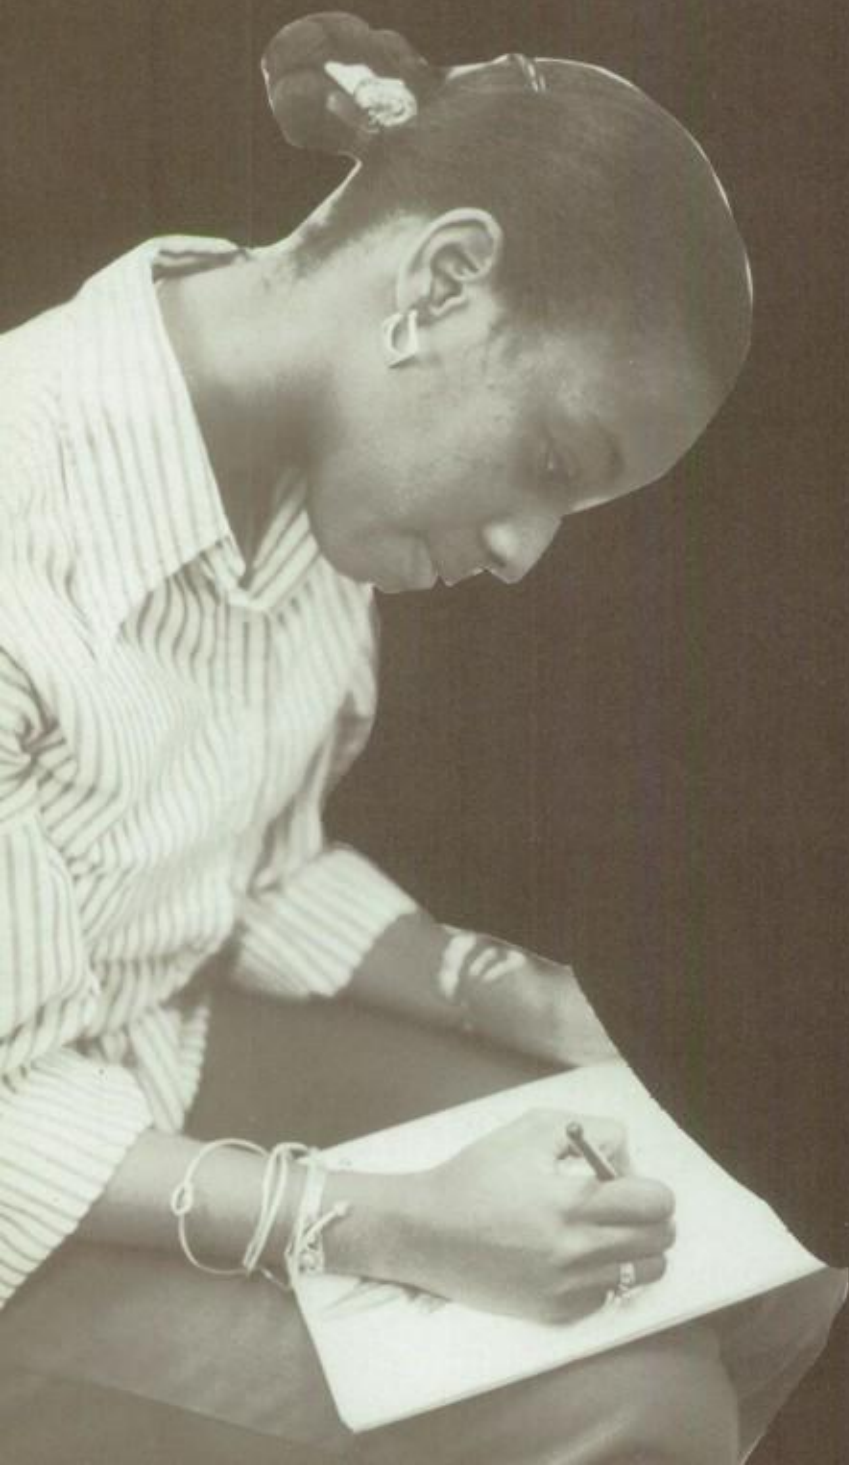

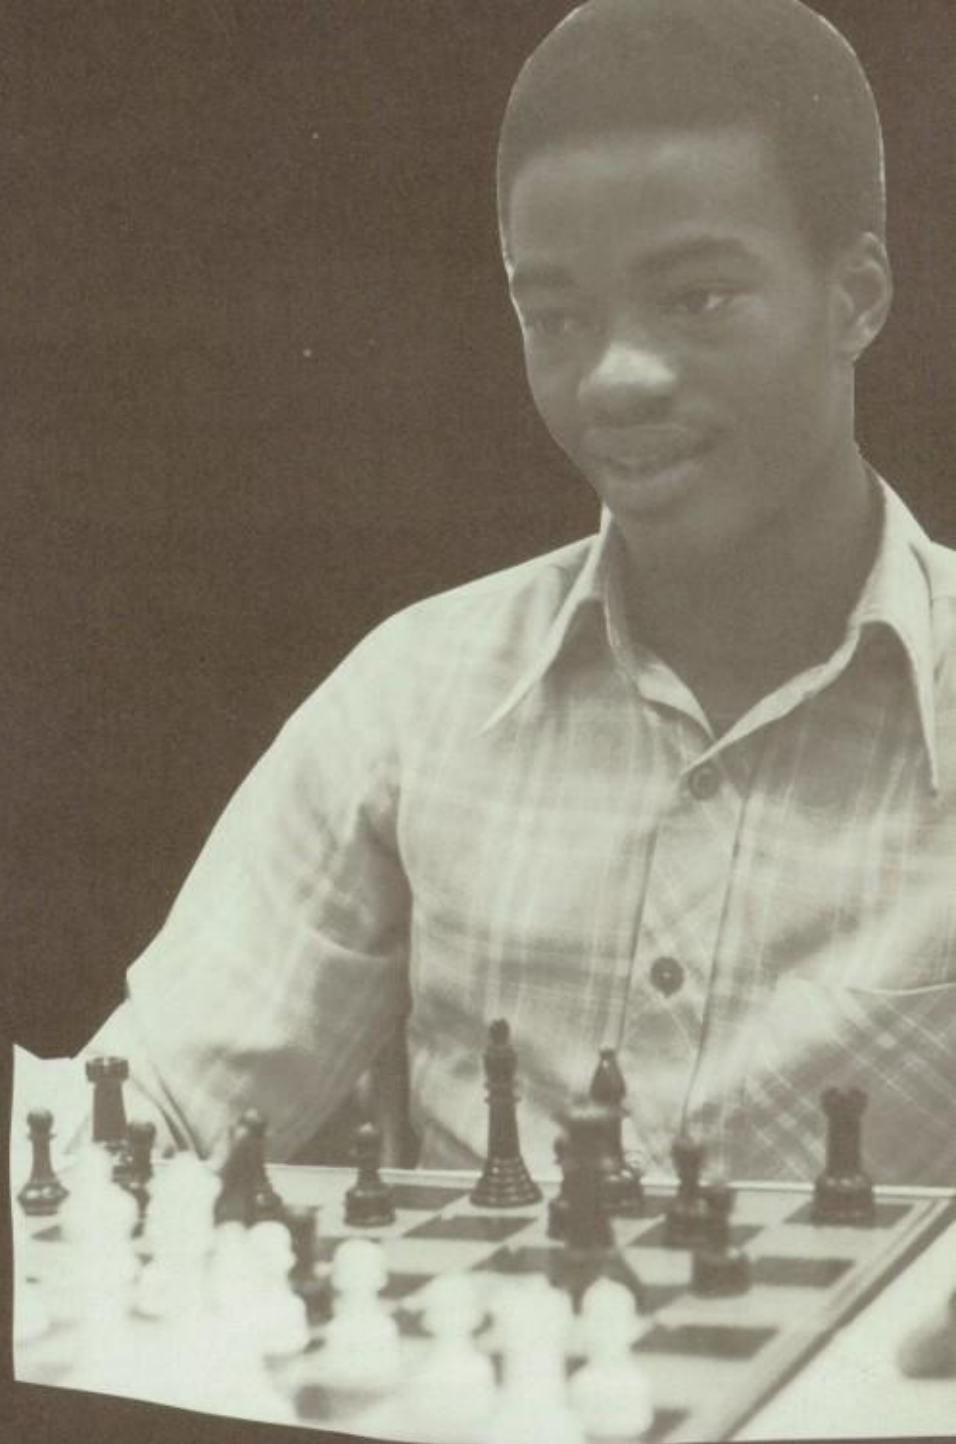

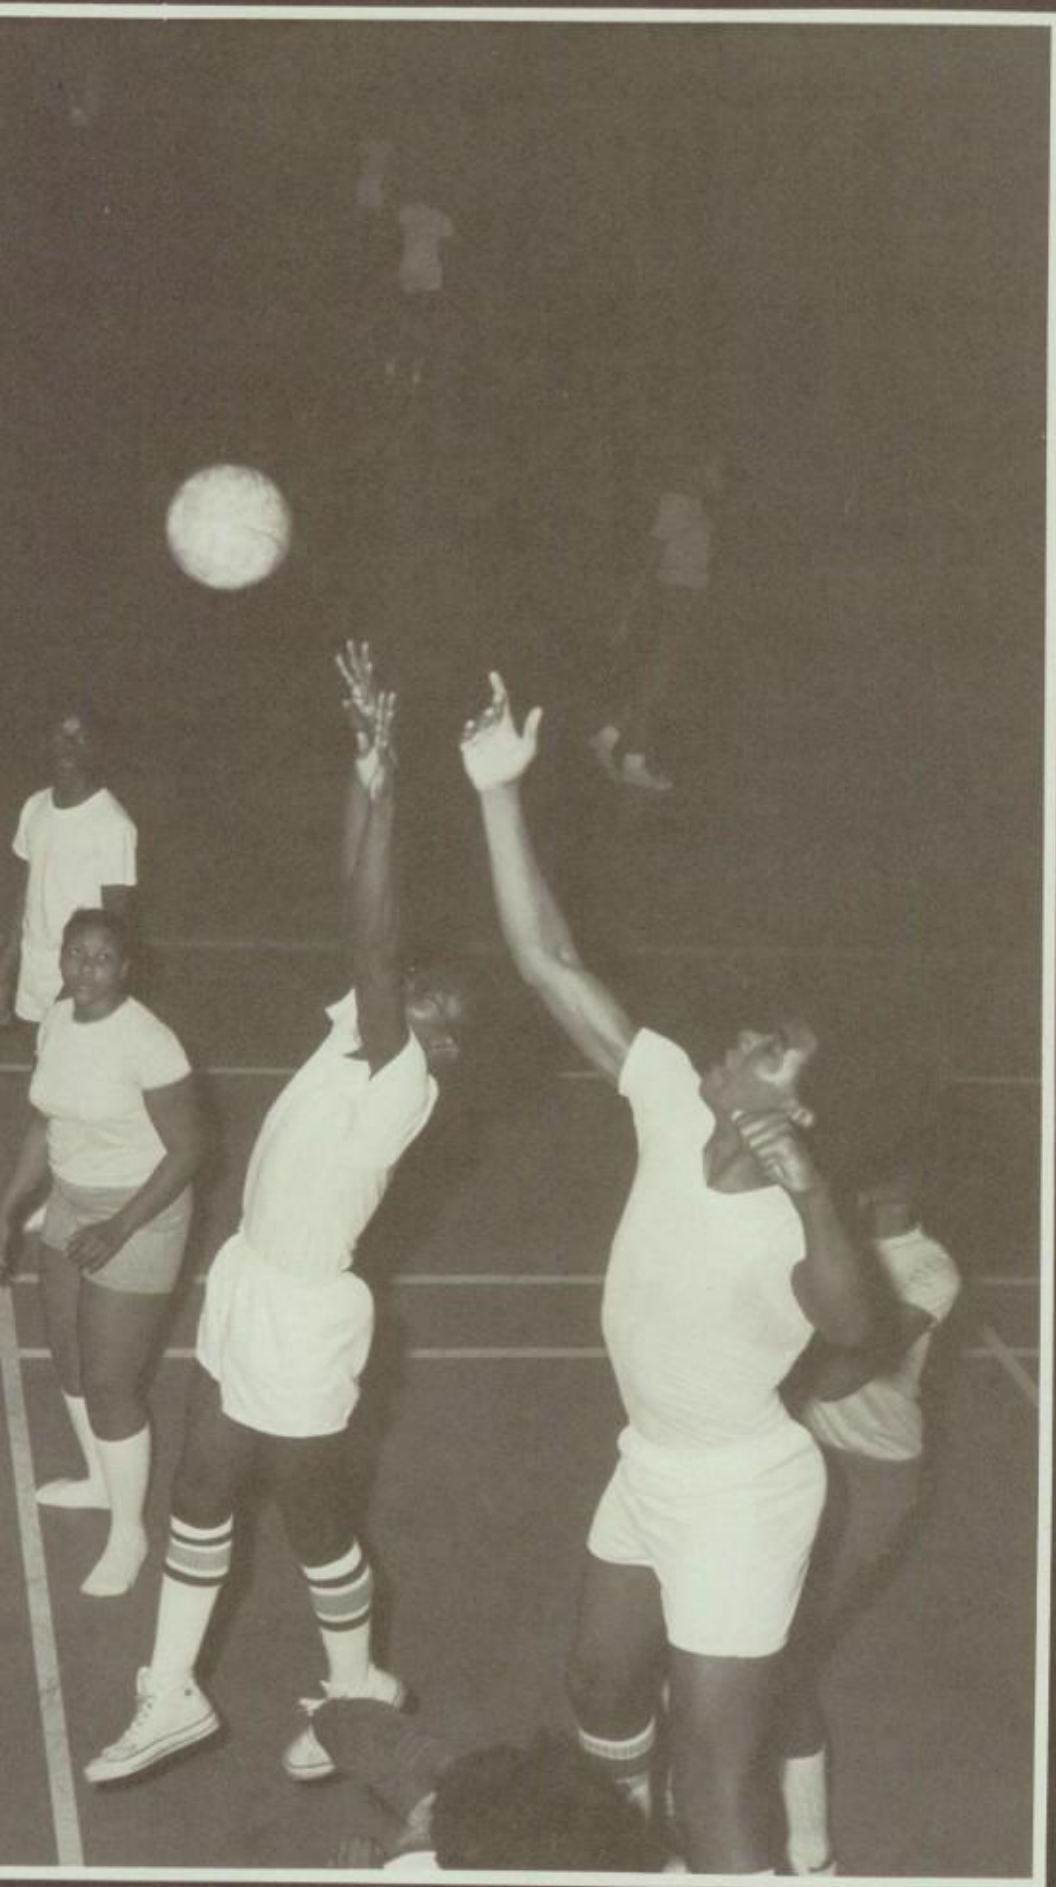

What Food?

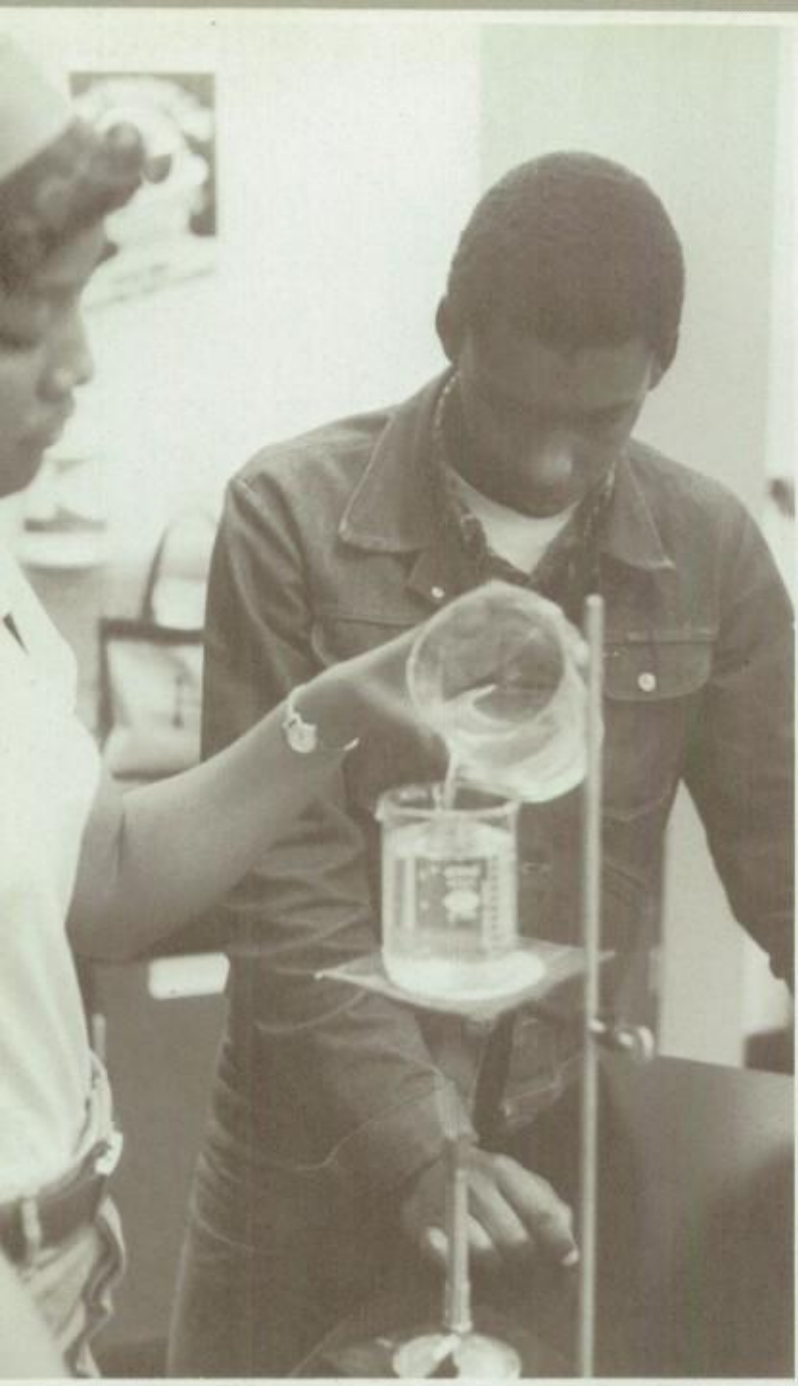

Just milk, that's all I drink!

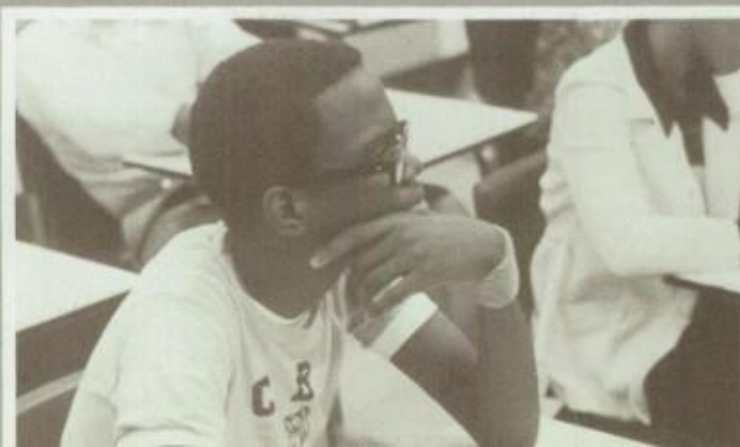

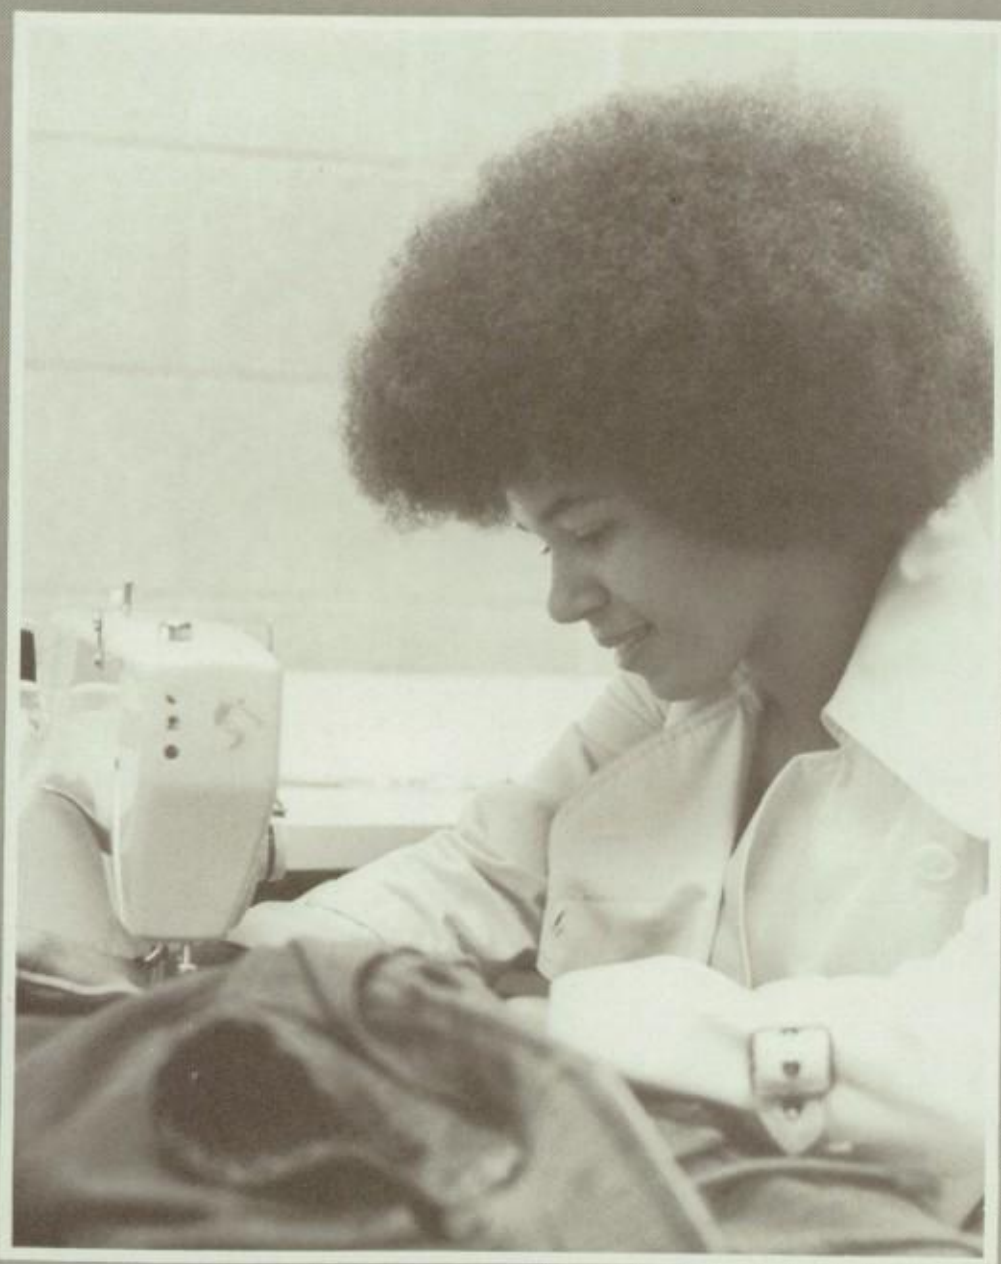

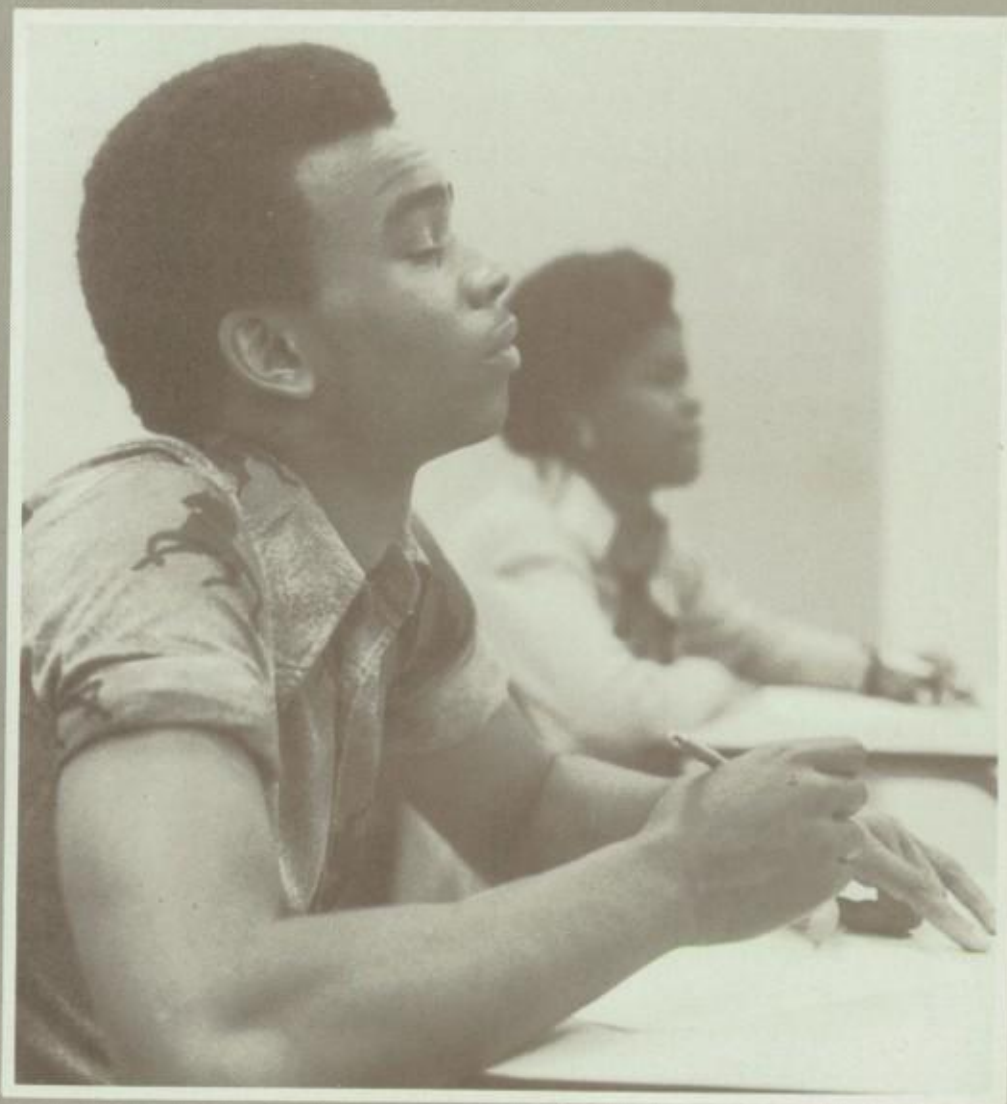

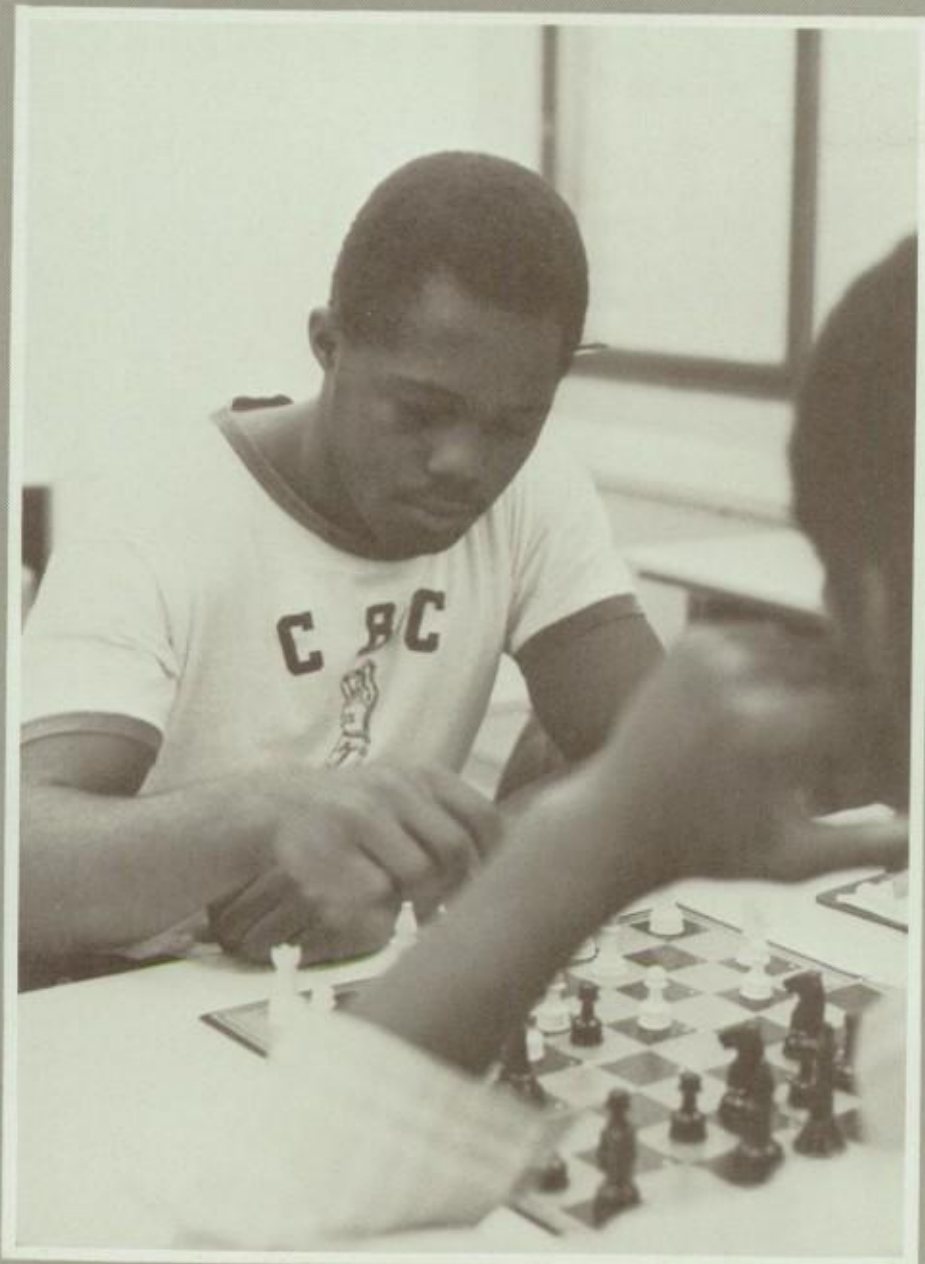

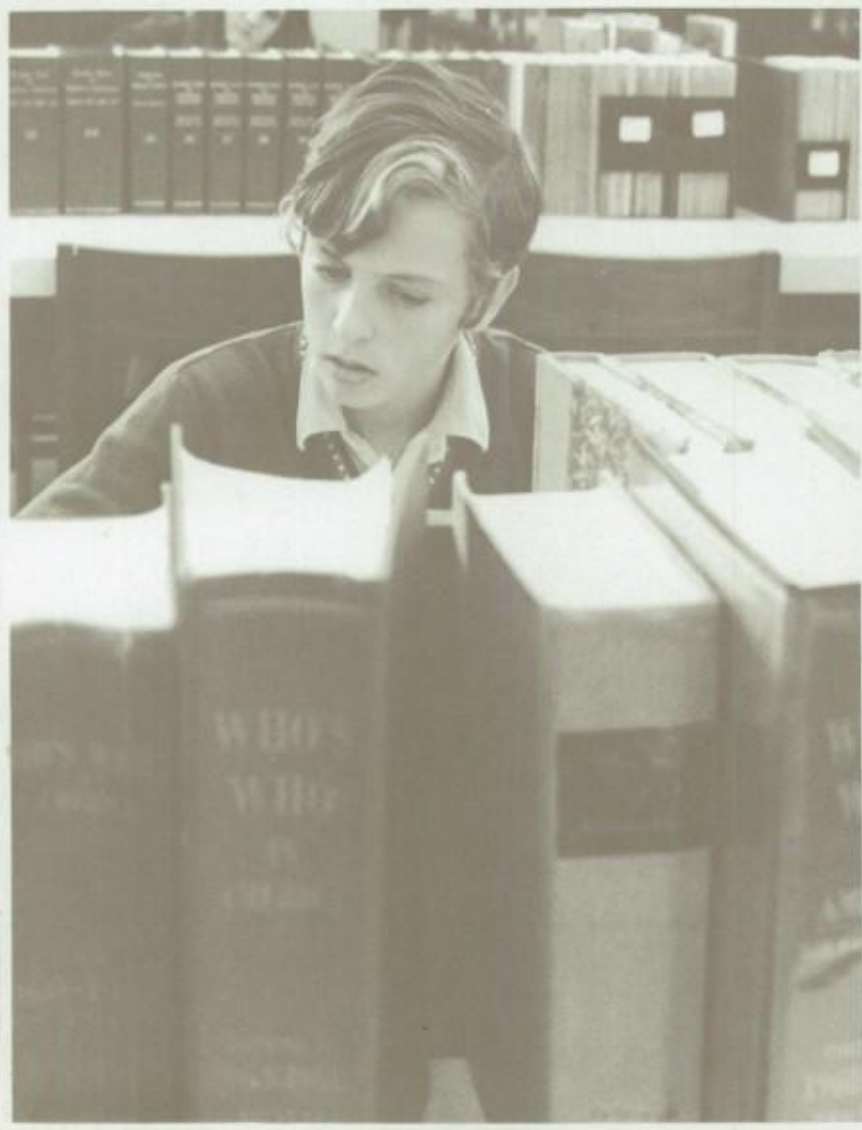

I got you that time.

PROM 76-77

A Personal View of the Prom

One of the most cherished and remembered events of your senior year is the senior prom. No other night has as much planning and work go into it as prom night. Adjectives like sophisticated, elegant and chic describe the dress of that special night. This one time you pull out all the "stops," no detail is too small to worry about. Is the hem too long, does the car look nice, questions like that run through everyone's mind as they count the hours, minutes and then seconds until they embark on their mystic voyage. The theme of last year's prom extravaganza was "This is It." On April 15, 1977 you were with the socialites at the Downingtown Inn in Downingtown, Pa. With Dr. Perry Johnson of WDAS and Instant Funk providing the entertainment, the prom turned into one of the "meanest!" Everybody was on the dance floor and yes, we did dance all night. The last record is played and we head for the door, hoping that life is just like the senior prom. Kevin Wright

WE HAVE A PLACE IN YOUR COMMUNITY.

In fact, Southeast National Bank has
25 community offices conveniently located throughout
Delaware, Chester and Montgomery Counties.

Each of our neighborhood
offices has all the services you'd expect to
find in the city. Plus a neighborly attitude you'd never
find in the city.

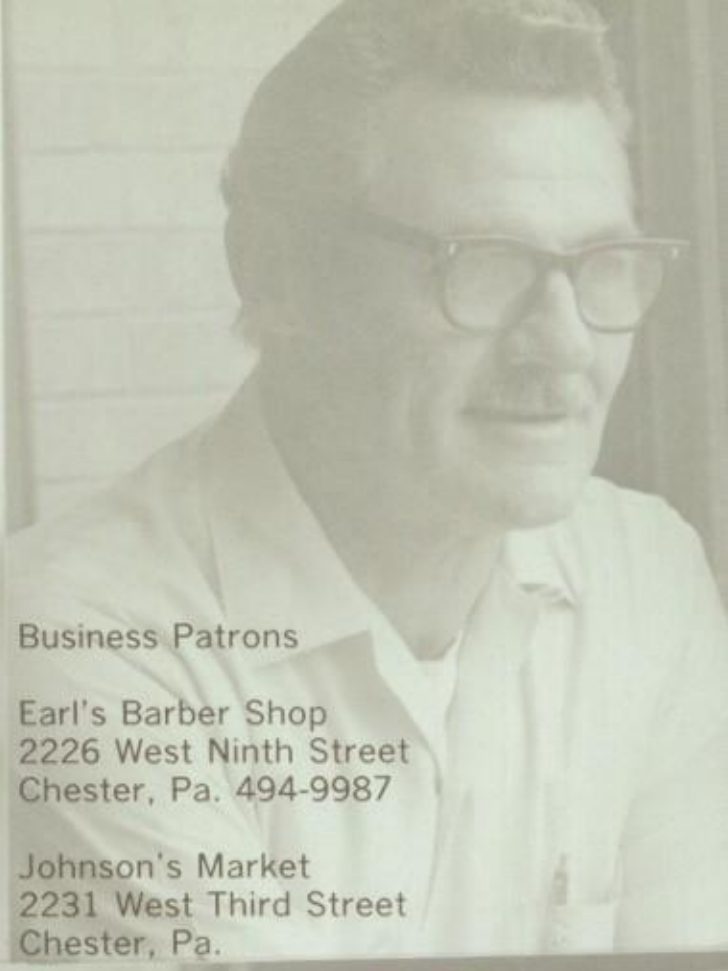

If you're looking for a bank to handle
all your banking needs, choose the one that has a
place in your community.

**Southeast National
Bank of Pennsylvania**

IN MEMORY OF

ROSE KACIUBAN

On August 19, 1977 Rose Kaciuban died. She has been a Home Economic teacher at Chester High School for the last twenty six years, specifically as Foods instructor.

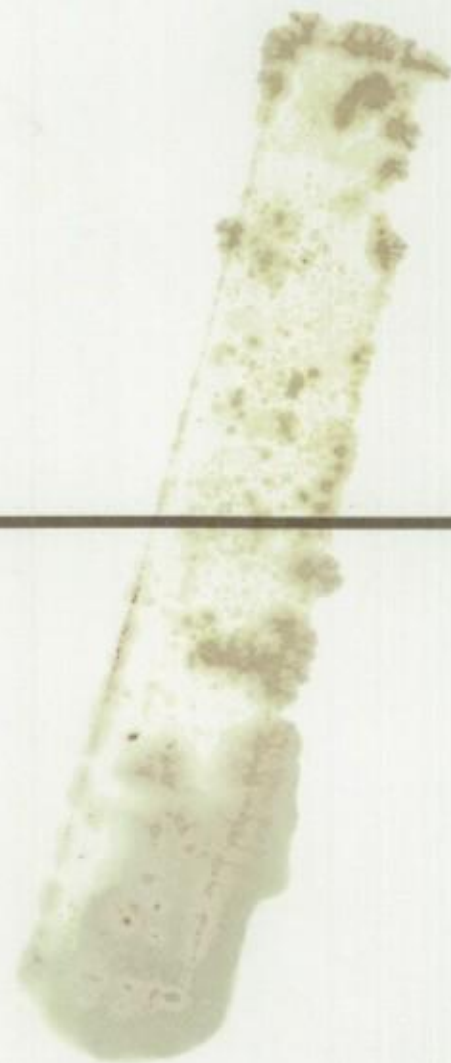

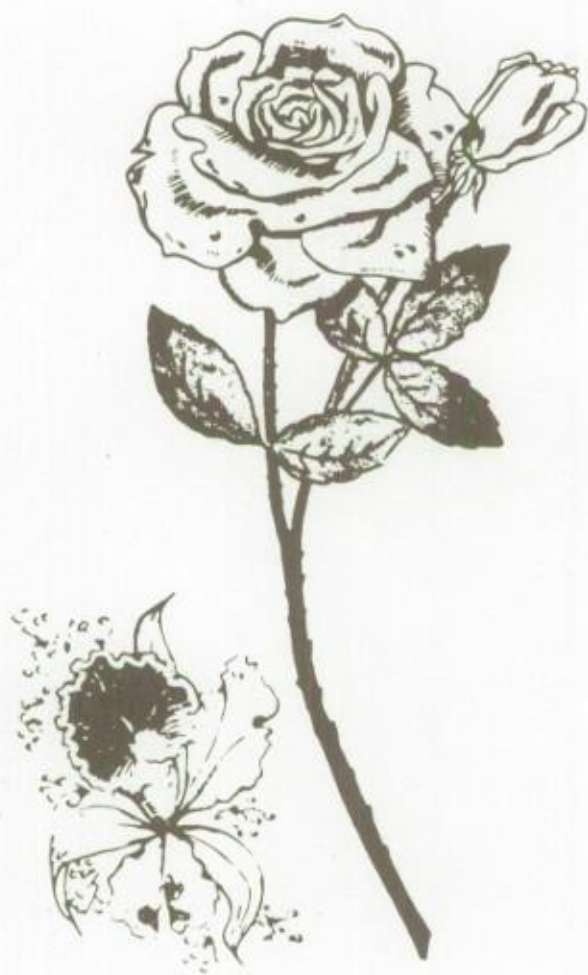

She graduated with a B.S. degree from Drexel University. In community service she was active in Chester's St. Mary's Ukranian Church. She was also an active advisor of Chester High's VICA in the early seventies and served as treasurer for several years.

She was a member of Delaware County Home Economic Association, American Vocational Association and PSEA, NEA and CUEA. Her hobbies included sewing, cooking, knitting and crocheting. She made not only all of her own clothes, but also quite a few of her family and relatives. She enjoyed working with young people and was known for well organized and interesting classes. She will be greatly missed by students, friends and co-workers.
